

# School-Based Mental Health Community Forum

The Issaquah School District has partnered with Swedish Medical Center to provide mental health services for their high school students at Issaquah, Skyline and Liberty, offering confidential counseling for many topics including depression and anxiety, worry, and relationship concerns. The mental health counselors are licensed social workers and employees of Swedish Medical Center and funded by the Issaquah School District.

Please attend the community forum to meet hospital and school leaders, learn more about this program and have an opportunity to ask questions.

**Thursday, May 22**

**6-8 p.m.**

**Swedish/Issaquah**

**751 N.E. Blakely Drive**

**2nd Floor Conference Center**

Please RSVP: [www.swedish.org/issaquahschoolbasedhealth](http://www.swedish.org/issaquahschoolbasedhealth)
