

# Grant Committee Recommendations

Shalini Bansal and Sally Porter

November 15, 2019

## Beyond Common (\$790)

- What: Provides a stand for a clay art extruder, making it mobile and stable.
- Purpose: Expands skills to provide proficiency in chosen projects that include extruded clay using a range of tools.
- Impacts: 500+ students in Ceramics 1-2, AP3D Art & Design every year.

# Stop the Bleed Grant - \$6,395.23

- To improve safety by adding life-saving medical equipment in easy to access locations throughout the school, to improve the chance of survival in severe hemorrhagic situations.
- Funds 110 Stop the Bleed kits @ \$52.98 per kit plus tax.
- Needed immediately
- Considerations: Training needed for staff and students in the use;  
Placement of the kits in the building
- Options include funding fewer kits and placing strategically.
- *Committee recommends funding 20 kits immediately – **app. \$1,250.***

# Issues and Resolutions

- Placement of the kits
- Training of staff and students
