

Issaquah High Staff Profile

Andrea McCormick
Issaquah High Principal

What was your job/career before coming to work at Issaquah? If you had a prior job/career, how did that job/career make you become a better staffer at Issaquah High?

Before I worked at Issaquah High School, I was an Assistant Principal at Skyline and an English and ASB teacher in Kent. Before education, I worked as a server in restaurants in high school and throughout college.

How many years have you worked at Issaquah High?

This will be my 8th year as Principal of Issaquah High

Is (was) volunteering part of your life? If so, tell us about your volunteering experiences and what you love about them?

Before teaching, I was an active volunteer. I volunteered as a counselor at summer camp from high school through college. I also volunteered at a retirement community that my mom worked at. I loved calling Bingo at the retirement home and working the arts and crafts room at summer camp.

What do you like to do outside of school? Please elaborate.

My absolute favorite thing to do is hang out with my husband and our two boys who are 9 and 6. As a family, we like to go hiking and camping. We have a travel trailer and we have been to some amazing places – my favorite was probably Arches National Park. When we aren't traveling with our trailer, I like interior decorating, home improvement projects, baking and taking care of all of our animals (3 dogs, 4 goats, and 3 ducks).
