volunteer work at the school**

**Monthly meetings with ASB and Principal**

# QUICK FACTS/NUTS AND BOLTS

- **Current enrollment: 2475+**
  - **675 Freshmen**
- **Best parent resources: Weekly Bulletin, school website, Canvas, and having a current/accurate email in Family Access**
- **Best Advice: something for everyone, get involved, don't take on too much, ask for help, use NEST time, be nice**

# PROBLEM SOLVING – 90% OF STUDENT/PARENTS HAVE THEIR NEEDS MET

- Try your best to encourage your student to solve the problem themselves (talk to or email teacher/coach/advisor)
- Offer to sit in with them while they problem solve
- Do not go directly to supervisor without talking to them to try to resolve the issue first

## Student and Parent Guide to Problem Solving

### STUDENT & THE TEACHER/COACH/PERSON OF CONTACT

The first point of contact to resolve any concerns should be the people the concern is directly regarding. If a student is having an issue with a teacher about a grade, a coach about playing time, etc. we should try our best to have them practice having conversations that address their concerns in a kind and solution oriented manner.

If not possible, try
