What is the SAT? *The SAT is a standardized paper and pencil test administered by The College Board that measures your critical thinking skills. It tests your ability to analyze and solve problems in math, critical reading, and writing. Who should take the SAT? Juniors and Seniors. Most high school students take the SAT for the first time in the spring of the Junior year. Students who plan on taking the SAT test this year will find this SAT Mock exam invaluable. This is your chance to take the SAT without it counting and a great way to practice for the REAL thing. This practice exam is scheduled to give you time to receive your results and identify areas of strength and weakness so you can prepare for the actual SAT exam. This is a full length practice exam intended to match the rigor and length of the SAT exam administered by Collegeboard.*
