

Issaquah High Student Profile

Christian Mohr
IHS Class of 2021

What classes at school do you love and why?

The classes I have enjoyed most at IHS have been A.P. US History under Ms. Kelly, and Biomedical Science under Mr. Robles. In APUSH, I had outstanding experiences to learn complex perspectives of American History alongside prominent peers and a brilliant teacher. In Biomedical sciences, I got hands on experiences in a multitude of labs ranging from handling specimens, to having my saliva's chemical composition analyzed in front of the whole class. Mr. Robles offered hands on experience in biochemistry and other scientific medical sciences that few students get the opportunity to take.

What are some of your favorite high school memories?

Some of my favorite high school memories have been getting a standing ovation in *Clue Onstage*, being featured with one of my best friends Cole Voss in the ASB winter wish assembly and starring in Issaquah Film Club's movie *Halcyon*.

Are you in any clubs at Issaquah High? Any memorable experiences you'd like to share?

Total clubs I am a part of: Drama Club (President), Issaquah Film Club (Head of Acting Dept.), and Feminism Club. One club I have been in for a while is Issaquah Film Club. I have outstanding memories starring in the club's movie *Halcyon*. While great times on set are memorable, I will never forget that the film sold out Roosevelt Theatre in Seattle. I am currently serving as a board member and the Head of Acting Dept. for the club, and I look forward for more memories to come.

Do you have any cool hobbies?

Besides the acting and filming I do for the school, my hobbies are fishing, hiking, and going on adventures with my friends and cousins!

Is volunteering part of your life? If so, tell us about your volunteering experiences and what you love about them?

I have done volunteering through my church, and the best part about it every time is the feeling of satisfaction received from giving back to your community.

What do you do for fun?

For fun I love hiking to interesting and abandoned places. Going on adventures to little known places in a town or community is an exciting experience every time. From traveling down into the apex mines, to spelunking in the Talus Rock Caves hidden right above our school, I enjoy the outdoors and a sense of adventure.

Do you know your plans yet after high school?

After high school, I plan to attend a four-year college, medical school, and become a physician.

Is there anything else special about you that you would like to share?

I am a part of In Harmony, which is IHS's audition men's choir group.

This August I was featured in *Dramatics Magazine* for my outstanding performance in *Clue*.

I want to live in Juneau, Alaska, where my family is from.
