

Issaquah High Student Profile

Lucy Bentsen

IHS Class of 2022

What classes at Issaquah High do you love and why?

I've really enjoyed taking Environmental Science and Marine Biology, they're both subjects I'm interested in pursuing in college and for my career. This year I'm enjoying AP Gov, the class has fun discussions and Ms. Belur is a great teacher.

What are some of your favorite high school memories?

I've gotten to play high school soccer all four years which has been really fun. I ran track my freshman year and our district competition was really exciting. Any time I get to spend time with my friends at lunch, nest, football games, etc. makes high school really special.

Do you play sports and if so, how has sports made an impact on your life? Any highlights you would like to share?

I play soccer, I'm one of our varsity captains this year, soccer has had a huge impact on my life. I've met some of my best friends through soccer. Soccer has made me a more motivated and disciplined person but really, it's just a fun way to end every school day and such a good community to be a part of. This season in whole has been a highlight, especially after having such a weird season last year, it's really good to be back.

Are you in a club and if so, what are the best parts of being in that club? Any memorable experiences you would like to share?

I'm a part of Seattle Children's Club, it's a really nice way to give back to the community while spending time with friends.

Is volunteering part of your life? If so, tell us about your volunteering experiences and what you love about them?

I'm part of Issaquah Youth Advisory Board, we volunteer in many ways around Issaquah. Pre-covid we did a lot of events for the youth in Issaquah, I love to help plan and run the events because the kids get so excited to participate in them.

Any plans yet after high school?

I'm planning on going to a 4-year college, not sure which school yet though. Planning on majoring in environmental science or marine sciences.

Do you have any cool hobbies?

Last spring, I got scuba certified so I hope to be able to do some diving soon, maybe somewhere a bit warmer than the Puget Sound.

What do you do for fun?

With school and soccer keeping me pretty busy, I spend most of my free time with my friends and family.
