

Issaquah High Student Profile

Will St Andre
IHS Class of 2024

What classes at Issaquah High do you love and why?

I love leadership, it is such a great class full of good people and it is the one class where I have a lot of freedom to do what I think would be cool for the school. It also is a lot of group work which I love so that is also great!

What are some of your favorite high school memories?

Last year when I went in early to help get the school ready for coming back in April, so I got to run around the whole school with a bunch of my ASB friends and making lots of fun memories and getting to know each other.

Do you play sports and if so, how has sports made an impact on your life? Any highlights you would like to share?

I am doing cross country this year and I really enjoy it. It is a lot harder than middle school, but it is a great community and really allows me to push myself and get better. Our class jamboree was fun this year and really exciting to see how well our school did. I look forward to making many more great memories though this season.

Are you in a club and if so, what are the best parts of being in that club? Any memorable experiences you would like to share?

I am the president of French club, I love the club, it is a really friendly and chill environment where we get to play games and eat food and it can even just be a place where kids can come for French homework help. I look forward to being full in person this year and getting the opportunity to explore more of the clubs that IHS has to offer.

Is volunteering part of your life? If so, tell us about your volunteering experiences and what you love about them?

Yes, I spent some of my summer volunteering, I spent a week out in Snoqualmie camping and building trails with the Washington trails association where the trail had been previously destroyed. I also volunteered with cultural bridges this summer reading and doing activities with kindergarteners. I love volunteering because I've always had a great time doing it and look back on it being proud and happy with what I have helped accomplished and achieved.

Any plans yet after high school? If so, tell us about them.

I know that I will go to college after high school and currently I want to do something in the medical field where I can help people but other than that I don't have any specific plans.

Do you have any cool hobbies?

I like to customize shoes; this was a hobby I picked up over quarantine and I have had a lot of fun with it by looking at normal shoes and thinking of all the possibilities that I could do with it.

What do you do for fun?

I like to go climbing when I have free time, this was also a covid hobby, but I really love bouldering and can spend hours doing it. I also love mountain biking for fun and really anything outdoors, fishing, hiking, running.
